PROVEN PERFORMANCE

LIFTEQUIP

LEADERS IN MATERIALS HANDLING EQUIPMENT INCLUDING FORKLIFTS, TELEHANDLERS AND CONTAINER HANDLERS.

Lift Equipt is a leading provider of materials handling equipment to all sectors of industry throughout Australia with facilities in Perth and Karratha.

As leaders in materials handling solutions we are aware of the huge responsibility we shoulder in being an integral part of the chain that helps keep the wheels of industry turning and know the pains and challenges of downtime on our client's health, well being and bottom line.

A LEADING FORCE IN THE DELIVERY OF SERVICE EXCELLENCE, BACKED BY A MODERN FLEET AND INDUSTRY LEADING, WORKSHOPS STATE WIDE.

Fully equipped and strategically located workshop facilities in Karratha and Perth, backed by a fleet of rapid response vehicles and field service technicians means that Lift Equipt has the capabilities to provide a responsive and complete range of materials handling and equipment solutions for business. All workshops are fully equipped with the latest technology, tooling and are staffed by trade qualified experienced personnel.

A truly WA family-owned and operated business supporting local participation of WA Businesses as suppliers with a strong commitment to multi-cultural workforce participation throughout WA Lift Equipt and the Johnston family have built a well respected and reliable reputation on the back of hard work, loyalty and a true desire to help customers succeed. Understanding every one of our customers varied and unique needs has enabled the company to develop a portfolio of solutions to almost any materials handling challenge.

100% COMMITED TO SAFETY AND A SAFE RESPONSIBLE WORK CULTURE.

Lift Equipt recognises that working on mining sites requires careful consideration of risk, and that partner businesses, that support us to support you, must have robust systems to control risks they may introduce on your sites. Therefore, all Lift Equipt suppliers and subcontractors are subjected to rigorous screening to ensure their business processes and corporate risk positions are suitable for the mining industry profile, and their culture is one of safe, responsible operation.

Lift Equipt realises that in a remote area in particular - the importance of efficient customer support as well as the need for a well-equipped spare parts division is mission critical. Lift Equipt carries enough spare parts to ensure customer demands are exceeded. This is further backed by the Hyundai Forklifts Australia spare parts division which provides support to the dealer network and its customers. The net effect is that our fleet of forklift service vehicles are fully stocked with frequently used parts.

Lift Equipt is the official partner of Hyundai Construction Equipment (HCE) in Australia. HCE is one of the world leaders in heavy industrial and materials handling equipment. Quality, durability, safety, advanced technology, reliability and comfort are all hallmarks of Hyundai equipment.

Hyundai offers an extensive Material Handling range with over 120 different models ranging from pedestrian equipment through to our heavyweight champion the 25-tonne diesel.

We offer competitive rates based on the type of work, duration of the job and the hours to be worked per day/week or month. We also offer a datamatics range of track and trace products that increases transparency and fleet efficiencies.

Our large hire fleet includes.

- A wide range of modern forklifts
- A wide range of telehandlers
- The most advanced reach stackers and container handlers in the world
- Access equipment and EWP's
- Warehouse forklifts
- Small trucks
- Water carts
- Pressure washers
- Lighting towers
- High pressure washers
- A wide range of generators
- Lifeguard electrical boxes
- Electrical cabling

Efficient workshops and highly trained technicians with well stocked mobile support vehicles ensure our customers machines are geared towards maximum uptime and return on investment.

Lift Equipt is engaged in several mining projects throughout the Goldfields and Pilbara regions of Western Australia. Available 24/7 365 days our mobile rapid repair vehicles and service technicians are available to attend to your emergency and will have you back up and on the job as soon as possible.

Lift Equipt also has 14 service trucks that are fitted with state of the art oil dispensing systems to ensure there is no impact on the environment. We also have a tilt tray truck which is used for the transport of small forklifts up to 10t gross weight.

WIDE RANGE OF EQUIPMENT HIRE OPTIONS TO SUIT YOUR NEEDS

Lift Equipt hires and maintains a wide range of equipment which is available from our Karratha and Perth locations. Flexible hire options from 1 day to an ongoing arrangement can be discussed.

We specialise in mobile lighting towers and can deliver a green solution in the form of solar powered units, rigorously tested and designed for Australian conditions.

LIFT EQUIPT REALISES THAT IN A REMOTE AREA IN PARTICULAR THE IMPORTANCE OF EFFICIENT CUSTOMER SUPPORT IS MISSION CRITICAL.

Lift Equipt are the agents for Datamatics – a specialist software company who provide complete solutions for ground fleet optimization of operation, logistics and administrative processes. Datamatics provides several of the key advances from the aviation industry. It applies these to improving the safety, productivity and maintenance of ground fleet.

5G USHERS IN A NEW ERA OF EFFICIENCY AND DATAMATICS IS AT THE FOREFRONT OF THIS INFORMATION REVOLUTION.

Such capabilities include:
Remote diagnostic and performance data akin to detailed 'black box' telemetry
Route tracking and geofencing to ensure improved compliance with site rules such as speed limits and ground movements
Onboard video recording for incident investigation.

A Collision avoidance system to notify drivers when the risk of an incident with other vehicles or pedestrians is imminent.
Intuitive dashboard interfaces that support reporting and analysis for further fleet optimisation and corrective actions as part of incident investigation.

We welcome enquiries and can be contacted at info@liftequipt.com.au or on 1300 444422.
